

## eXtplorer - PHP-based File Manager - Fehler #328

### BUG/ISSUE: You cannot always see where you are and move to the previous directory

10/19/2016 09:14 AM - Anonymous

<b>Status:</b>	Neu	
<b>Priority:</b>	Normal	
<b>Assignee:</b>	Sören Eberhardt-Biermann	
<b>Category:</b>	Bug	
<b>Target version:</b>	2.2.0	
<b>eXtplorer Version:</b>	2.1.4	<b>Joomla! Version:</b> none
<b>Description</b> <p>When you are into Explorer you can see on the top there are two green arrow but is now working. If you navigate in a folder you don't see where you are, also you cannot go back to the previous folder.</p> <p>I use eXplorer in Webuzo panel as is the integrated File Manager but all time I have this issue. I navigate into the folder and for go back I need go to the first folder and cannot go just back to one folder.</p> <p>Also will be good show always on top where you are. For see where I am I have to press many time refresh icon and wait the patch where I am is showed before use the File Manager.</p> <p>Please fix this two issue:</p> <ul style="list-style-type: none"><li>- First: Is not possible to go back of one or more folder (one by one) Previous button.</li><li>- Second: Is not showed by default where you are in the navigation.</li></ul>
